Blood Meridian is an epic novel of the violence and depravity that attended America's westward expansion, brilliantly subverting the conventions of the Western novel and the mythology of the Wild West. Based on historical events that took place on the Texas-Mexico border in the 1850s, it traces the fortunes of the Kid, a 14-year-old Tennessean who stumbles into a nightmarish world where Indians are being murdered and the market for their scalps is thriving.

Based on incidents that took place in the southwestern United States and Mexico around 1850, this novel chronicles the crimes of a band of desperados, with a particular focus on one outlaw, known as "the Kid," a boy of fourteen. 15,000 first printing.

By the author of Blood Meridian and All the Pretty Horses, Suttree is the story of Cornelius Suttree, who has forsaken a life of privilege with his prominent family to live in a dilapidated houseboat on the Tennessee River near Knoxville. Remaining on the margins of the outcast community there—a brilliantly imagined collection of eccentrics, criminals, and squatters—he rises above the physical and human squalor with detachment, humor, and dignity.

Not control his amorous and pugilistic inclinations and so left for the West. According to his "Confession," he seduced countless women in the U.S. and Mexico, never missed a fandango, fought gallantly against Mexican guerrillas, and rode with the 1st Dragoons into the Battle of Buena Vista. His remarkable story is pure melodrama; but Goetzmann has proven by his painstaking research that much of it is true. In extensive annotation, the editor has been able to separate.
After teaching Cormac McCarthy’s bloodiest, most challenging novel to her students for years, Stephanie Reents feels no closer to the strange void at the heart of Blood Meridian than when she began. So she journeys west, following the trail of the historical Glanton Gang across the desert landscape that McCarthy loves. In his archives, she discovers an obscure note about the kid—the novel’s enigmatic protagonist—that might explain why this infamous novel is so hard to shake. This is part of Fiction Advocate’s Afterwords series.

In this taut, chilling novel, Lester Ballard—a violent, dispossessed man falsely accused of rape—haunts the hill country of East Tennessee when he is released from jail. While telling his story, Cormac McCarthy depicts the most sordid aspects of life with dignity, humor, and characteristic lyrical brilliance.

The New York Times Bestseller Now a major TV series starring Pierce Brosnan and co-written by Philipp Meyer

The critically acclaimed, New York Times-bestselling epic, a saga of land, blood and power, follows the rise of one unforgettable Texas family from the Comanche raids of the 1800s to the oil booms of the 20th century. Eli McCullough is just twelve years old when a marauding band of Comanche storm his Texas homestead, brutally murder his mother and sister and take him captive. Despite their torture and cruelty, Eli—against all odds—adapts to life with the Comanche, learning their ways and language, taking on a new name, finding a place as the adopted son of the band’s chief and fighting their wars against not only other Indians but white men too, which complicates his sense of loyalty, his promised vengeance and his very understanding of self. But when disease, starvation and westward expansion finally decimate the Comanche, Eli is left alone in a world in which he belongs nowhere, neither white nor Indian, civilized nor fully wild. Deftly interweaving Eli’s story with those of his son Peter and his great-granddaughter JA, The Son maps the legacy of Eli’s ruthlessness, his drive to power and his lifelong status as an outsider, even as the McCullough family rises to become one of the richest in Texas, a ranching and oil dynasty that is as resilient and dangerous as the land they claim. Yet, like all empires, the McCulloughs must eventually face the consequences of their choices. Panoramic, deeply evocative and utterly transporting, The Son is a masterpiece American novel—part epic of Texas, part classic coming-of-age story—that combines the narrative prowess of Larry McMurtry with the knife-edge sharpness of Cormac McCarthy. 'Stunning a book that for once really does deserve to be called a masterpiece' Kate Atkinson 'Magnificent McCarthy’s Border Trilogy is a point of reference, as is There Will Be Blood, but it is not fanciful to be reminded of certain passages from Moby-Dick - it’s that good’ The Times 'Brilliant a wonderful novel’ Lionel Shriver

In his blistering new novel, Cormac McCarthy returns to the Texas-Mexico border, setting of his famed Border Trilogy. The time is our own, when rustlers have given way to drug-runners and small towns have become free-fire zones. One day, a good old boy named Llewellyn Moss finds a pickup truck surrounded by a bodyguard of dead men. A load of heroin and two million dollars in cash are still in the back. When Moss takes the money, he sets off a chain reaction of catastrophic violence that not even the law—in the person of aging, disillusioned Sheriff Bell—can contain. As Moss tries to evade his pursuers—in particular a mysterious mastermind who flips coins for human lives—McCarthy simultaneously strips down the American crime novel and broadens its concerns to encompass themes as ancient as the Bible and as bloodily contemporary as this morning’s headlines. No Country for Old Men is a triumph.
of the Holocaust. He guides us through the arguments people have offered to answer this fundamental question, explores the many ways that we have tried to minimize or eliminate suffering, and examines people’s attempts to find ways to live with pointless suffering. Ultimately, Samuelson shows, to be fully human means to acknowledge a mysterious paradox: we must simultaneously accept suffering and oppose it. And understanding that is itself a step towards acceptance. Wholly accessible, and thoroughly thought-provoking, Seven Ways of Looking at Pointless Suffering is a masterpiece of philosophy, returning the field to its roots—helping us see new ways to understand, explain, and live in our world, fully alive to both its light and its darkness.

Blood Meridian (1985), Cormac McCarthy’s epic tale of an otherwise nameless “kid” who in his teens joins a gang of licensed scalp hunters whose marauding adventures take place across Texas, Chihuahua, Sonora, Arizona, and California during 1849 and 1850, is widely considered to be one of the finest novels of the Old West, as well as McCarthy’s greatest work. The New York Times Book Review ranked it third in a 2006 survey of the “best work of American fiction published in the last twenty-five years,” and in 2005 Time chose it as one of the 100 best novels published since 1923. Yet Blood Meridian’s complexity, as well as its sheer bloodiness, makes it difficult for some readers. To guide all its readers and help them appreciate the novel’s wealth of historically verifiable characters, places, and events, John Sepich compiled what has become the classic reference work, Notes on Blood Meridian. Tracing many of the nineteenth-century primary sources that McCarthy used, Notes uncovers the historical roots of Blood Meridian. Originally published in 1993, Notes remained in print for only a few years and has become highly sought-after in the rare book market, with used copies selling for hundreds of dollars. In bringing the book back into print to make it more widely available, Sepich has revised and expanded Notes with a new preface and two new essays that explore key themes and issues in the work. This amplified edition of Notes on Blood Meridian is the essential guide for all who seek a fuller understanding and appreciation of McCarthy’s finest work.

The Englishman’s Boy brilliantly links together Hollywood in the 1920s with one of the bloodiest, most brutal events of the nineteenth-century Canadian West – the Cypress Hills Massacre. Vanderhaeghe’s rendering of the stark, dramatic beauty of the western landscape and of Hollywood in its most extravagant era – with its visionaries, celebrities, and dreamers – provides vivid background for scenes of action, adventure, and intrigue. Richly textured, evocative of time and place, this is an unforgettable novel about power, greed, and the pull of dreams that has at its centre the haunting story of a young drifter – “the Englishman’s boy” – whose fate, ultimately, is a tragic one.

A funny and uplifting story of how a Mormon kid with Tourette’s found salvation in books and weight lifting Josh Hanagarne couldn’t be invisible if he tried. Although he wouldn’t officially be diagnosed with Tourette Syndrome until his freshman year of high school, Josh was six years old when he first began exhibiting symptoms. When he was twenty and had reached his towering height of 6’7”, his tics escalated to nightmarish levels. Determined to conquer his affliction, Josh tried countless remedies, with dismal results. At last, an eccentric, autistic strongman taught Josh how to “throttle” his tics into submission using increasingly elaborate feats of strength. What started as a hobby became an entire way of life—and an effective way of managing his disorder. Today, Josh is a librarian at Salt Lake City’s public library and founder of a popular blog about books and weight lifting—and the proud father of five-year-old Max. Funny and offbeat, The World’s Strongest Librarian traces this unlikely hero as he attempts to overcome his disability, find love, and create a life worth living.

The prize-winning poet reflects on what sustains us in a sundered world. With his dazzling ability to set words spinning, Amit Majmudar brings us poems that...
In the 1930s, Billy and his family come to Hidalgo County, New Mexico, where he becomes obsessed with a wild wolf that lives a precarious existence threatened by the region's ranchers.

Leaving her small Mexico hometown after years of caring for her mother, Juana Garcia embarks on a search for the father who disappeared nineteen years earlier and teams up with Adelina Vasquez, who left her family to pursue forbidden love. Reprint. 30,000 first printing.

"The fulfilled renown of Moby-Dick and of As I Lay Dying is augmented by Blood Meridian, since Cormac McCarthy is the worthy disciple both of Melville and Faulkner," writes esteemed literary scholar Harold Bloom in his Introduction to the Modern Library edition. "I venture that no other living American novelist, not even Pynchon, has given us a book as strong and memorable." Cormac McCarthy's masterwork, Blood Meridian, chronicles the brutal world of the Texas-Mexico borderlands in the mid-nineteenth century. Its wounded hero, the teenage Kid, must confront the extraordinary violence of the Glanton gang, a murderous cadre on an official mission to scalp Indians and sell those scalps. Loosely based on fact, the novel represents a genius vision of the historical West, one so fiercely realized that since its initial publication in 1985 the canon of American literature has welcomed Blood Meridian to its shelf. "A classic American novel of regeneration through violence," declares Michael Herr. "McCarthy can only be compared to our greatest writers."
In the continuing redefinition of the American West, few recent writers have left a mark as indelible as Cormac McCarthy. A favorite subject of critics and fans alike despite—or perhaps because of—his avoidance of public appearances, the man is known solely through his writing. Thanks to his early work, he is most often associated with a bleak vision of humanity grounded in a belief in man’s primordial aggressiveness. McCarthy scholar Barcley Owens has written the first book to concentrate exclusively on McCarthy’s acclaimed western novels: Blood Meridian, National Book Award winner All the Pretty Horses, The Crossing, and Cities of the Plain. In a thought-provoking analysis, he explores the differences between Blood Meridian and the Border Trilogy novels and shows how those differences reflect changing conditions in contemporary American culture. Owens captures both Blood Meridian’s wanton violence and the Border Trilogy’s fond remembrance of the Old West. He shows how this dramatic shift from atavistic brutality to nostalgic Americana suggests that McCarthy has finally given his readers what they most want—the stuff of their mythic dreams. Owens’s study is both an incisive look at one of our most important and demanding authors and a penetrating analysis of violence and myth in American culture. Fans of McCarthy’s work will find much to consider for ongoing discussions of this influential body of work.
